

Welcome to the Envision Cambridge Public Workshops

April 2, 2016

**ENVISION
CAMBRIDGE**

How the workshop will run

1

Vote with your stickers!

1:30 pm

What are your concerns, hopes, and priorities for Cambridge? On the boards are some of the key planning topics we're looking at. Use the stickers included here to "vote" on what you most want to discuss. If there is something else you want to talk about tonight, write it on the "Is there another topic you want to talk about?" board! The topics with the most "votes" will be the focus of our discussion groups.

2

Welcome and Overview

1:40 pm

A quick welcome from the Envision Cambridge team and an overview of the workshop process.

3

Topic-focused Discussion Groups

2:00 pm

There will be two sessions, each 30 minutes.

Discussion questions:

- What do you hope the plan will address?
- What about this subject is most important for the planning team to know?
- What resources or individuals should the team be aware of on this topic?

4

Reconvene and Share Ideas

3:00 pm

Each small group will share a couple of key points from their discussion. Please pick your most important points! Is it hard to summarize your discussion? Don't worry, there are scribes taking notes throughout the conversation.

5

Adjourn

3:30 pm

What we will do with the information we hear from you today

A summary from the public workshops will be posted online in April. The Envision Cambridge team will read through all the notes, including comments submitted online and collected by our street teams, and come back in a few months to tell you what we've learned from you.
